**QUALITY - PRECISION - RELIABILITY**

DWS Machine Company offers a wide variety of solutions to help assist with all of your company's spring making needs. We are a one stop shop for the spring company, we offer everything a spring company needs to thrive: coilers, formers, ovens, grinders, punch presses, custom builds, tooling, new spare parts and we can even bring your old machine back to life with a new computer system. We are not your average machinery dealer; we are your manufacturing partner. We are happy to help where we can and look forward to serving your needs.
